2025-2026 School Plan

John Dewey is credited with saying, "We don't learn from experience. We learn from reflecting on experience."

Reflect on 2024-2025 TSSA Plan -- Consider the following questions or create your own:

How has our TSSA plan supported our schools' vision, mission, and beliefs?

How has our plan supported the District's vision, mission, and beliefs?

How has our plan improved school performance and student academic achievement?

What action steps have had the greatest impact on school performance and student achievement?

What have we learned?

What are our next steps?

Our coach is present in weekly collaboration meetings with teachers to support and to assist in creating CFAs, analyzing data and planning next steps toward student learning. He has been instrumental in organizing intervention groups and overseeing the diagnostic assessments and interventions. He has completed coaching cycles with our teachers and has been a great support to them this year. Our plan aligns with the District's goal of using a standards-based progress report. We have used collaboration time to work toward that goal. Our plan has improved school performance and academic achievement. Our teachers are doing the right work, they are meeting students where they are and working to move them to where they need to be with the support of aides helping with interventions and covering rotations so teachers can plan and collaborate during that time. Action steps: Teacher training in Wit & Wisdom & LETRS has had a positive impact on student performance. Our STEM instruction and Wellness Room have had a positive impact on student wellness & learning as well. Our students look forward to attending STEM and music classes each week and the Wellness Center has been a great support to students who are struggling. We have been able to hire bilingual aides to support our teachers with their ML students. Our end-of-year student scores on state tests showed exemplary growth and our proficiency improved but, we'd like to increase proficiency. Teachers are using best practice ML strategies to support our ML students. Our next step is to provide teachers with the support they need to meet the individual needs of their students by providing aides for Walk-to-Read to make as many groups as possible, provide support for interventions, and to teach rotations so teachers have time to plan, prepare, collaborate, assess students and/or provide interventions for students.

2025-2026 TSSA Plan

Gather and review evidence of school improvement and academic achievement to identify needs and create 2025-2026 TSSA plan and goals. Evidence could include: school vision and mission, existing school plans (Land trust, Accreditation, 60-day action plans, etc.), JELL Self-Assessment, PLC meeting notes, school data (Tableau dashboards, stakeholder surveys, benchmarks, Acadience, Data Gateway, etc.)

JELL Framework

Component 1: Safe, Supportive and Collaborative Culture

Component 2: Effective Teaching and Learning in Every Classroom

Component 3: Guaranteed and Viable Curriculum
